WorkForce Pro WF-R5690DTWF

This revolutionary 4-in-1 business inkjet printer provides predictable printing costs, with minimal user intervention to boost productivity.

Available exclusively through an Epson approved managed print service provider, this breakthrough business printer features Epson's Replaceable Ink Pack System (RIPS) to deliver super-high-yield printing. With this A4 workgroup printer, offices can benefit from the increased productivity of a local distributed print fleet that requires minimal intervention, while providing predictable print costs.

Print 75,000 pages uninterrupted
Print up to 75,000 pages in black or 50,000 pages in colour without replacing the ink[1] thanks to this printer's super-high-yield ink supply units.

Built for business
PrecisionCore technology powers the output quality that Epson is known for, at the speeds required for office, commercial and industrial printing. Prints dry fast thanks to the DURABrite Ultra ink. Scan-to functions, LDAP support and PDL emulations help this printer easily integrate into the business environment. Its intuitive large colour touch-screen makes functions readily available. Its Wi-Fi Direct® capability also lets you print from supported wireless devices without connecting to a router.

Energy efficient
The WF-R5690DTWF uses up to 80 percent less power than competitive colour lasers[2] thanks to its no heat technology. No ozone gas is emitted, and an improved quiet print mode and no fan noise during or after printing makes it ideal for the working environment. And there are fewer parts to replace than a laser.

Save time
Get more done with print speeds of up to 34ppm in mono and 30ppm in colour, or 20ppm ISO print speed in both[3]. Its high paper capacity of up to 580 sheets means less time is spent refilling. It features automatic double-sided printing, scanning, copying and faxing to make any job easy and efficient.

KEY FEATURES

- **Super-high-yield printing**
  Print up to 75,000 pages without replacing the ink[1]
- **Ecological**
  Uses up to 80 percent less power than competitive colour lasers[2]
- **Save time**
  Automatic double-sided printing, scanning, copying and faxing
- **Built for business**
  Scan-to functions, LDAP address book support and PDL emulations
- **PrecisionCore technology**
  Epson's most advanced printhead technology
